

# Fire drill

What happens in a fire drill at school. The alarm is loud, and then it stops. Point to each picture as it happens.

1

the alarm rings

2

stop and listen

3

line up

4

walk out together

5

go outside

6

stay with my class

7

wait quietly

8

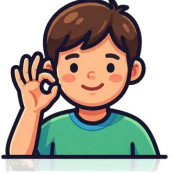

back inside

# During the drill

Point to say how you feel and what you need. Practice the words before the next drill.

## Talk

|                                                                                               |                                                                                             |                                                                                                      |                                                                                                 |                                                                                                  |                                                                                                   |
|-----------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------|
| <br>too loud | <br>scared | <br>where do we go? | is it over?                                                                                     | hold my hand                                                                                     | <br>my teacher |
| <br>help    | <br>wait  | <br>too cold       | <br>bathroom | <br>I'm okay | <br>all done  |

## What helps me

|                                                                                                   |                                                                                                      |                                                                                                     |                                                                                                      |                                                                                                      |                                                                                                     |
